DELIVERING A BETTER ST KILDA PARK PRIMARY SCHOOL

A re-elected Carroll Labor Government will invest $3.77 million to upgrade St Kilda Park Primary School.

It's a beautiful local school that deserves modern, fit-for-purpose facilities.

That's why Labor will deliver this upgrade, so students, teachers and families have the spaces and facilities they need for years to come.

Local schools are at the heart of our community.

Only Labor is delivering the local upgrades students and families need.

A Liberal-One Nation Coalition won't.

They say they will make $40 billion in cuts – and you can't cut $40 billion without cutting schools.

Quotes attributable to Minister for Education Gabrielle Williams

"Labor knows every great education starts with a great local school."

Quotes attributable to Member for Albert Park Nina Taylor

"The upgrade and modernisation of St Kilda Park Primary School will ensure this beautiful school continues to thrive for many years to come."
